

UNSW Blackboard Semester 2, 2009 Pilot Project
UNSW is upgrading to a new Learning Management System for online learning
 LOGIN with your UNSW ID and zPass: <https://lms-blackboard.telt.unsw.edu.au/>
 How to create a zPass: http://www.it.unsw.edu.au/students/zpass/create_zpass.html

Information for students enrolled in pilot courses

Next year: As of Semester 1, 2010 all courses currently using My eLearning Vista will be available in the new learning management system, UNSW Blackboard.

This year: In Semester 2, 2009 UNSW Blackboard is being piloted with the courses listed here.

Where are my remaining courses?

All other courses that were previously in My eLearning Vista will remain there until they are transitioned next year. Access your Vista courses in the same way you always have at <http://vista.elearning.unsw.edu.au>

Where can I find resources to help me use UNSW Blackboard?

Once you login to UNSW Blackboard, resources are available from the **Blackboard Support** tab. There you will find short videos that demonstrate the Blackboard tools. From there you can also self enrol into a **Student Orientation Course** to try out all the tools. Support for using UNSW Blackboard will also be made available from the TELT Gateway at <http://www.elearning.unsw.edu.au>

What is a zPass?

UNSW Blackboard requires you to use zPass, a new password system gradually being introduced for all IT services. You will use zPass along with your existing UNSW User ID to login to UNSW Blackboard.

Visit the **zPass for Students** page at <http://www.it.unsw.edu.au/students/zpass/index.html> for information about zPass and how to activate it.

Where do I go for help if I have a problem using UNSW Blackboard?

All Blackboard issues should be reported to:

IT Service Centre

9385 1333

itservicecentre@unsw.edu.au
